Grangers Led the Decline, but Were Passed by Public Utility Stocks -Conditions of Local Trade.

At New York yesterday money on call was easy at 14@1% per cent.; last loan, 11/2

per cent. Prime mercantile paper, 31/2041/2 per cent Sterling exchange was easy, with actual business in bankers' bills at \$4.86\\@4.86\% for demand and \$4.84@4.84% for sixty days; posted rates, \$1.851/2 and \$4.88; commercial

bills, \$4.83@4.83%. Silver certificates were 60@61c; bar silver, 60@60%c; Mexican dollars, 47%c. At Lon-

don bar silver was 27%d an ounce. The stock market developed acute weakness before the close yesterday, offering a surprise to professional traders, who came down to Wall street in the morning under the impression that the market had been oversold and was due for a rally. This conviction was strengthened by the early in sympathy with London, where there was of the Reading stocks and of New Jersey on sentiment Thursday, was still in eviour some of the railroads had advanced as much as 1 to 11/2 points above Thursday night. The steel stocks had rallied from an opening depression and were bought on the ore cheerful views of the outlook for the iron market, and the local traction stocks led on covering of short contracts. The cision of the international bankers not to ship gold on to-day's steamer, the fall in exchange having wiped out the profit on operation, was a stimulating factor. During the course of the first hour, however, large offerings began to appear in Northern Pacific, coupled with renewed rewheat region. The coalers and trunk lines made some resistance to the declining tenlency of the market, but they proved unavailing as a sustaining force, and weakness spread through the grain-carrying oads and the industrials. Stocks of industrial corporations, and especially of those controlling public utilities in cities, all owed acute weakness. The pressure against Brooklyn Rapid Transit became very severe as the day advanced, and that stock at the lowest was 71/2 below the early oint and the net decline was 5%. The unlendly attitude of the public towards this class of corporations was an influence in from some special source in Brooklyn Transit. Some stocks offered were said to be by the banks which had eld them as collateral for the loans of a arge stock exchange firm which recently failed. The professional bears were also active in offering down prices, but they met with no great success in dislodging stoploss orders. The final rally in prices was fitful and feverish, and the market closed much unsettled and not much above the

Little New to Note in Trade-Few

Changes in Values. So smoothly is business moving along and so steady are prices that there is little room for nment. Sugars continue to move briskly, so large is consumption, and further advances in prices are indicated. Coffees are very firm, and higher prices would not be a surprise. In fancy groceries, spices, etc., there is an active movement. Choice butter, young chickens and fresh eggs readily bring the best quotations. The Flour market is much stronger and advances 40c to 50c a barrel. Cherrice, blackberries and other fruits are selling well and prices are quite well held. The new crop apples are more plentiful and improving in quality. Lemons are in active request. Oranges are practically off the market. All kinds of vegetables are in good demand. Both old and new Irish potatoes are in good request, and prices are well held when the large the local grain market shows more activity All cereals are in good request on the track at the prices quoted, as furnished by the secretary of the Board of Trade: Corn-No. 1 white, 431/2c; No. 2 white, 431/2c; No. 3 white, 431/2c; No. 4 white, 401/20/421/2c; No. 2 white mixed, 43c; No. 3 white mixed, 43c; No. 4 white mixed, 40@42c; No. 2 yellow, 43c; No. 3 yellow, 43c; No. 4 yellow, 40@42c; No. 2 mixed, 43c; No. 3 mixed, 43c; No. 4 mixed, 40@42c; ear Oats-No. 2 white, 27c; No. 3 white, 25c; No. 2 mixed, 25c; No. 3 mixed, 24c.

## TO PROTECT THE TUNNEL

RECOMMENDATIONS MADE BY CITY ENGINEER JEUP.

Iron Work to Be Scraped and Painted -Buildings Inspected-Municipal Affairs.

City Engineer Jeup made his recomvesterday regarding the condition of the granted the Indiana Bermudez Asphalt sey-street pavement, and compelled the company to give a new bond in the sum

of \$10,700. Attorney John W. Holtzman appeared before the board in behalf of property vacated. When the matter came up time ago the alley was appraised at \$900, which was thought to be too high by the property owners. Mr. Holtzman argued that the board has no right to assess the property owners, who receive the alley when it is vacated, as it was absorbed from the property when laid out. The board sent the matter to the city attorney for a

The board adopted a resolution for cesidewalks on Urbana street, from New York to Owosso street. The Big Four Railroad Company petitioned for a water main to the water tank in the Brightwood shops. The petition was referred to the superintendent of the Brightwood pumping station.

INSPECTING BUILDINGS.

Building Inspector.

Building Inspector Bedell and Fire Chief Barrett made an inspection tour of buildings yesterday afternoon, and will recommend to the Board of Public Works that buildings in the rear of 332, 334, 336 and 338 East Washington street be demned, as they are unsafe for occupancy. The buildings are all small and built of brick. They are nearly ready to fall to pieces, it is claimed. Fire Chief Barrett will also recommend that fire escapes be placed on the Conduitt building on South Meridian street. This afternoon Fire Chief Barrett and Building Inspector Bedell will make the regular inspection of Kingan's pork packing plant.

May Be a Nuisance. It is claimed that there is a movement among the business men to object to the waste paper boxes to be placed on th street corners, under the contract madbetween the Board of Public Works and the Indianapolis Clean Street Company, as they are said to be a nuisance. Three sides of the boxes are left for advertising purposes and business men claim they will ruin the beauty of the streets.

Band Concert at Garfield Park. The Board of Park Commissioners arranged yesterday for a band concert by the Indianapolis Military Band at Garfield Park to-morrow afternoon, from 3 to 5 o'clock.

BOARD OF WORKS ROUTINE.

WHEAT GAINS IN SPITE OF THE HEAVY REALIZING.

Corn and Oats Close Higher-Provisions Catch the Bull Fever and Make Material Advances.

CHICAGO, June 22.-Northwest crop reports were more sensationally unfavorable than ever to-day, but wheat contented itself with holding firm, July closing 1/2c over yesterday. Heavy realizing militated against a pronounced advance. Corn was active and strong, helped by wheat, a better export demand and renewed buying by local bulls, July closing %@%c higher. Oats closed 4c up. Provisions were strong and active. July pork closed 50c, July lard 25c and July ribs 221/2c over yesterday.

Speculators had to swallow long wheat in heavy chunks throughout the session, and at times July dipped under yesterday's closing figures. The Northwest spring wheat condition was still the great bull stronghold and dispensed news of such a pessimistic tenor that the offerings were handled, and again, instead of a loss in price, made. Trade was active, not to say excited, and the market pulse was rather feverish. A feeling that the Northwest shortage, grave as it may ultimately prove to be, had been discounted, was prevalent among many traders. The heavy profit taking did not tend to change this opinion. In other words, it was held by many that the price had advanced sufficiently to allow to-day's news, which was the most unfavorable yet received, to be ignored. Hot weather and a clear sky was generally reported from the Dakotas, Minnesota and Manitoba. From these States crop possibilities were generally reported two-thirds ruined and the condition called a veritable disaster. Statistician Snow, of the Board of Trade, just back from a thorough investigation of the situation, is reported to raise over 40,000,000 bu, while other authorities said the three Northwestern States to-4c to %c over yesterday, at 83%c to 83%c, opening bulge was under the influence of the character hereinbefore mentioned, and the slump was on profit taking by longs. The Northwest was still a buyer, but following the opening the market fluctuated according as the pressure from longs was heavy or merely easy. July, following this went after more profits and sent it back to 821/4c. Again there was a rally, July this time touching 831/2c, and most of it was held. The market was pressed back to 82%c, but firmly resisted and closed 4c over yesterday, at 83%c. Clearances at the seapoard were equal in wheat and flour to 429,000 bu. New York reported twelve loads taken for exports Receipts at primary points were 512,000 bu, compared with 977,000 bu last year. Minneapolis and Duluth reported 425 cars, against 438 last week and 669 a year ago. Local receipts were 144 cars, thirty-eight of contract grade. The Modern Miller reported harvesting of winter wheat progressing favorably. Corn was strong the greater part of the session. The market opened with a sharp dvance, in sympathy with wheat, but ountry offerings were liberal and receipts large, and the decline in wheat found a ready sympathizer in corn. The market

the decline came renewed support from the old bull crowd and buying by people from the provisions pit. The market stiffened and the wind-up was strong. July sold between 40%c and 41%c, closing %@%c over yesterday, at 411/2041%c. Receipts here were The oats market was strong and active and the crowd in the usually neglected pit doubled the usual size. The Northwest was a buyer because of loss of feed stuff and was the main support, although shorts covered moderately on the corn strength. Complaints of scarce hay, lack of grass and an

oats shortage were received. July sold be-

tween 241%c and 25c and closed 1/4c over yeserday, at 24%c. Receipts here were 288 Provisions were active and strong. it seemed to have at last contracted the ull fever which has been affecting grains. Hog receipts were light, prices at the yards firm and there was a broadening of the outside demand. July pork sold between \$11.621/2 and \$12.121/2 and closed 50c over yesterday, at \$12.071/2; July lard between \$6.70 and \$6.921/2, closing 25c up. at \$6.921/2, and July ribs between \$6.771/2 and \$7, with the close 221/2c improved, at \$6.971/4. Western Union Ousted from Pits.

CHICAGO, June 22 .- By order of Judge Tuley, the Western Union Telegraph Company has been ousted from its position as collector of the daily market quotations on the floor of the Board of Trade, and that body to-day commenced to collect its own quotations and transmit them to the telegraph companies. The right to collect the quotations has been regarded by the Board of Trade as an important step in the contest over the cutting off of the ticker service from bucket shops. No change, however, will be made in manner of distributing the quotations until the matter has been finally passed upon by the courts.

UNION STOCKYARDS, INDIANAPOLIS, June 22.-Cattle-Receipts, 600; shipments 200. There was only a moderate supply of cattle, and the usual proportion of good kinds were represented, but there were few in their class good enough to command extreme prices. The market opened with the same quiet demand that has characterized the trade for several days, and buyers were bidding to fill their orders at lower prices. At the start local killers were out of the steer market, but before the close they came in and bought all of the best cattle here. Female cattle did not sell quite as strong as heretofore this week, but the change was not general, and probably not to exceed 10c in any instance. Steers sold as high as \$5.50, heifers at \$4.90, and cows at \$4.40. Quotations:
